Below are our “**Words We Live By**”  
that guide our approach to running  
our business:

Satisfied customers are  
our obsession

You don't always have  
to know the answer, but  
you do need to know  
where to find it

Activity doesn't equal  
productivity

Bad news does not get  
better with age

If it is worth doing, it is  
worth doing right

We park our ego at the  
door

We hire people who  
know the end of the  
movie

We begin the work with  
the end in mind

There is no 'I' in Team
